

## LABORATORIO # 3 : Investigue las oportunidades de trabajo en TI y Redes.

### PARTE 1.

En la barra de direcciones URL, escriba <http://monster.com> y presione Intro.

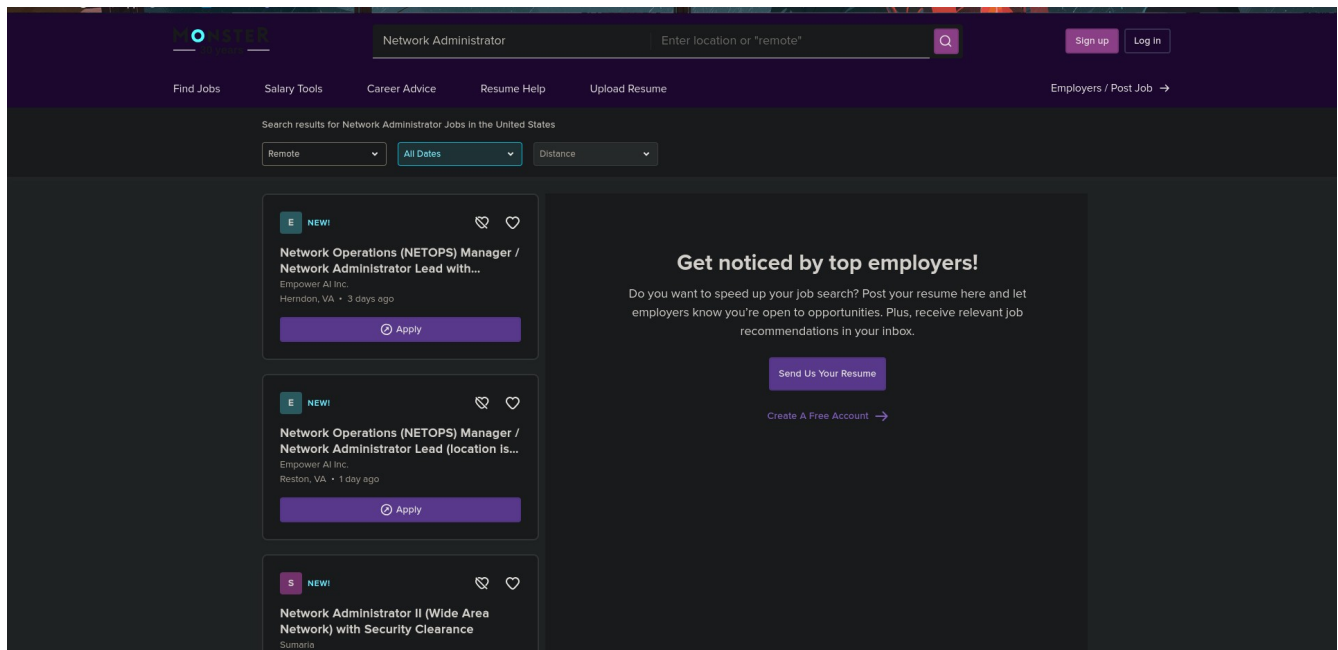

Nota: Para listados de trabajo fuera de los EE. UU., Use el siguiente enlace para buscar su país:

<http://www.monster.com/geo/siteselection/>

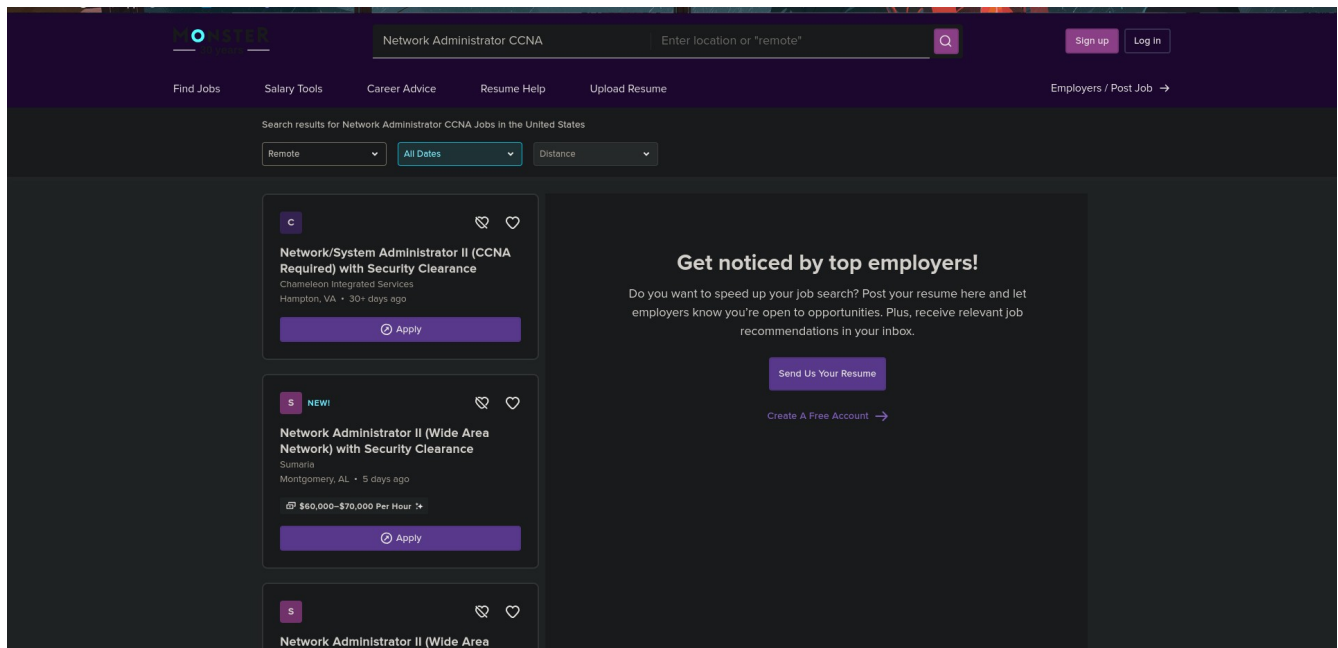

### PARTE 2.

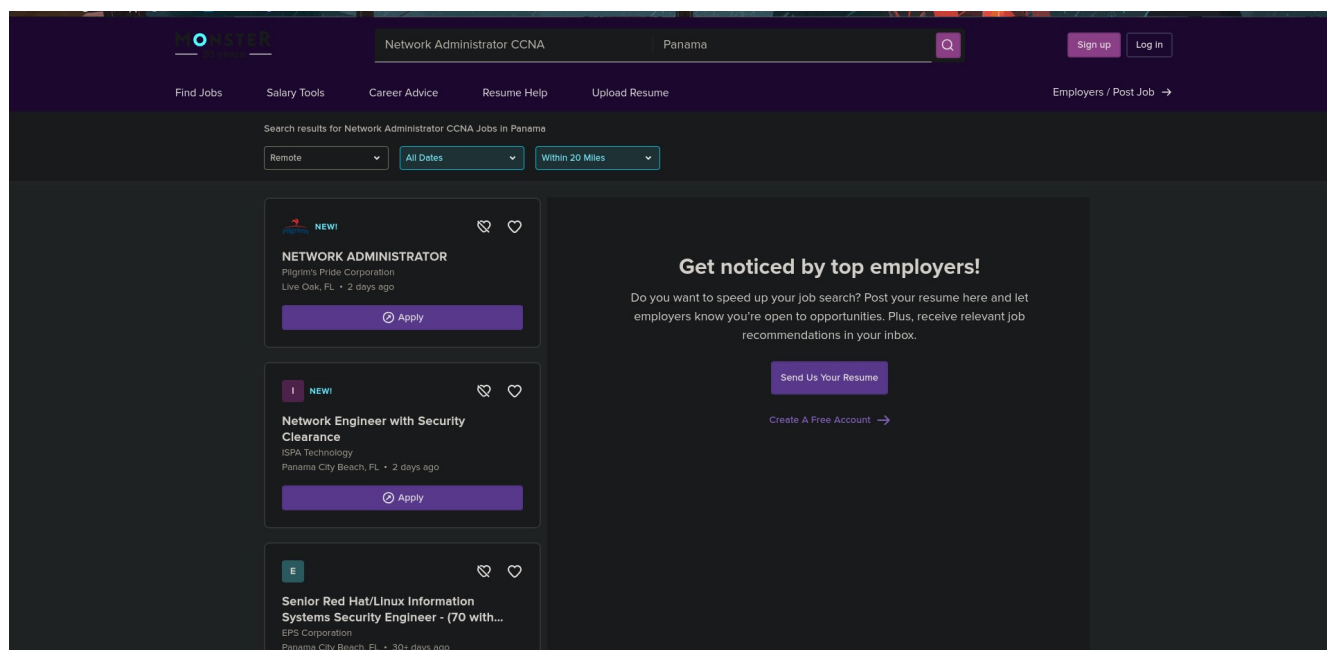

a. Escriba la palabra **Network Administrator** en el cuadro **Keyword or Title**. Haga clic en **Find Jobs** para continuar.

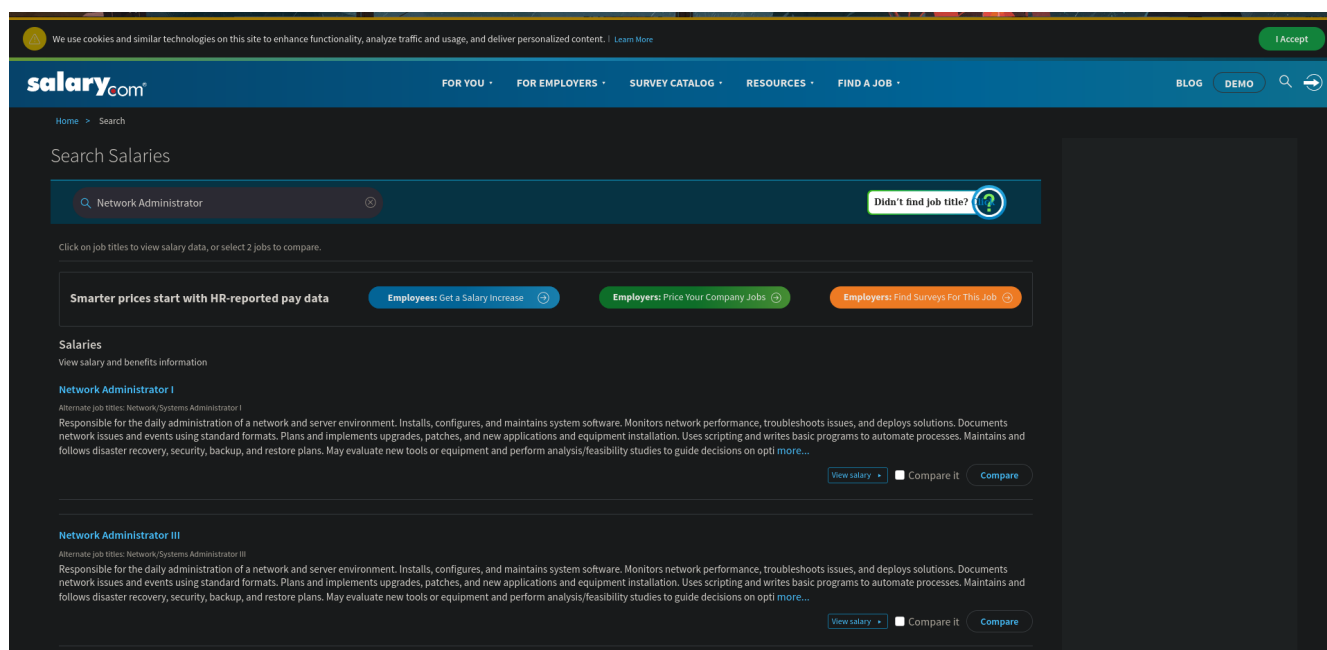

**b.Observe los resultados de la búsqueda. Ahora, enfoque la búsqueda agregando términos a la búsqueda de administrador de redes. Pruebe con términos como Cisco CCNA, CCNP, CCNA Security, CCNA Voice, etc.**

c. Ahora intente refinar la búsqueda agregando ubicaciones geográficas diferentes. ¿Encontró empleos en las ubicaciones que introdujo?

d. Intente buscar en un sitio web diferente. Vaya a <http://www.salary.com> y haga clic en el botón de la barra de menú de Búsqueda de empleo.

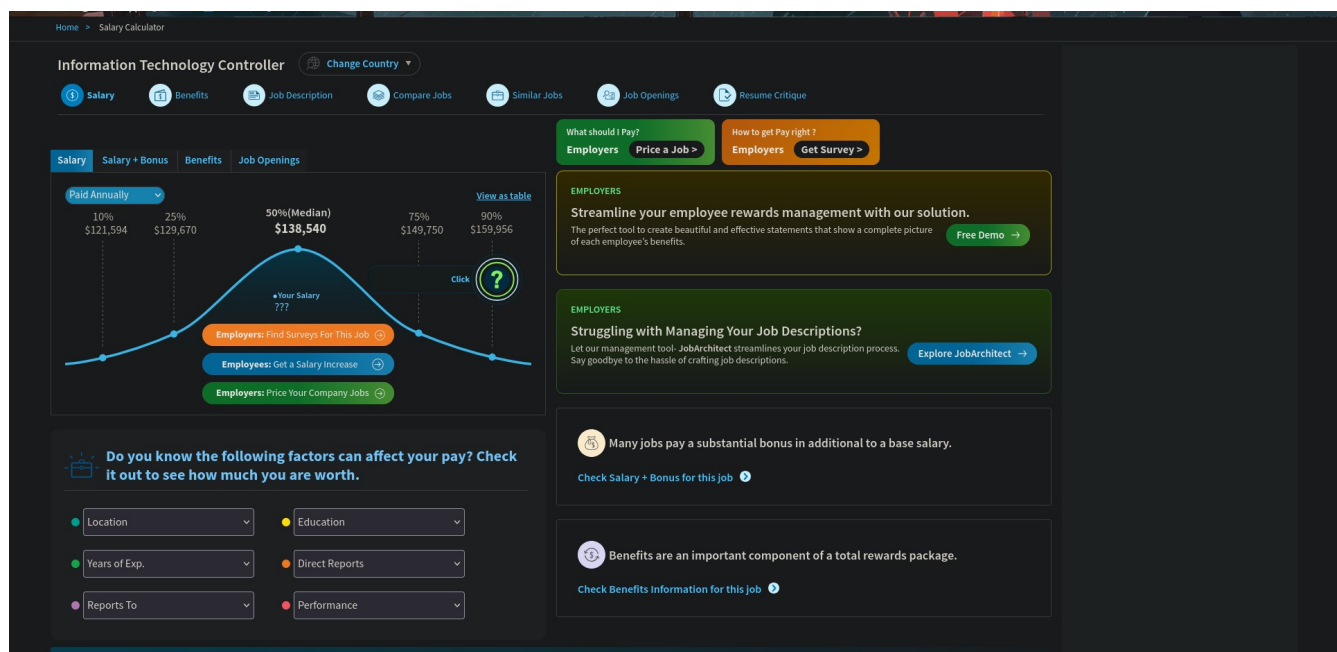

**Nota:** Para listados de salarios fuera de los EE. UU., use el siguiente enlace para buscar su país:

<http://www.payscale.com/rccountries.aspx>

e. Agregue un término de búsqueda, como Information Technology al título del trabajo o a la palabra clave y haga clic en Get my salary estimate.

The screenshot displays the PayScale 'Search Salaries' interface. At the top, there is a search bar with 'Information Technology' entered. Below the search bar, a message states: 'Click on job titles to view salary data, or select 2 jobs to compare.' A horizontal bar contains three buttons: 'Smarter prices start with HR-reported pay data', 'Employees: Get a Salary Increase', and 'Employers: Price Your Company Jobs'. The main content area lists three job titles under the heading 'Salaries': 'Information Technology Controller', 'SVP of Information Technology', and 'Information Technology Lead'. Each job title is followed by a brief description and a 'View salary' button. The 'Information Technology Controller' job description mentions 'The Information Technology Controller supervises accounting personnel. Manages and establishes budget, business plan, and financial policies for IT function. Being an Information Technology Controller typically reports to a CFO or top management. Requires a bachelor's degree. The Information Technology Controller manages subordinate staff in the day-to-day performance of their jobs. True first level manager. Ensures that project/department milestones/goals are met and adhering to approved budgets. Has full authority for personnel actions. Extensive knowledge of department processes. Working as more...'. The 'SVP of Information Technology' job description mentions 'Plans, leads, and oversees all aspects of an organization's IT department in accordance with organizational goals and business objectives. Provides strategic guidance and oversight across a variety of IT functional areas to support internal business processes. Establishes, plans, and administers the information technology department's overall strategy, goals, and policies. Develops the department budget and routinely evaluates IT operations to drive process improvements or cost savings. Continuously develops and improves operating policies and procedures to ensure computer equipment, hardware, more...'. The 'Information Technology Lead' job description mentions 'There is currently no job description for Information Technology Lead. Be the first to submit the job responsibilities for a Information Technology Lead.' Each job title also has a 'Compare it' button.

f. Tenga en cuenta la gran cantidad de resultados de búsqueda coincidentes. Seleccione un puesto que le interese. Haga clic en SHOW MY SALARY ESTIMATE RESULTS.

g. Dedique cierto tiempo a buscar empleos y observar los resultados de las búsquedas. Tome notas de las aptitudes requeridas para los distintos puestos y de la escala salarial inicial.
